Cajas de Cereal, Pastels, Galletas, Cerveza, Gaseosas y Cajas de Zapatos (No incluye Cajas de Comida Congelada.)

Remove Caps
Plastics and Glass

GLASS

Important Note:

When mixed with other recyclables, GLASS contaminates! Please follow instructions for glass.

Aviso Importante:

No se puede mezclar envases de vidrio con otros productos para reciclar por causa de contaminación. Por favor vea las instrucciones para procesar envases de vidrio.

Apartment Dwellers:

Check with building manager for location of bins or request manager to call 779-7664 to start recycling.

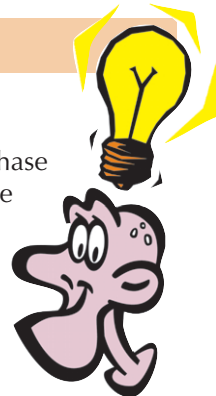

Gente de Apartamentos:

Pregunte al gerente de su edificio sobre dónde están los contenedores azules o pida al gerente que llame al 779-7664 para empezar el servicio de reciclaje.

PRE-cycle!

THINK ABOUT WASTE BEFORE YOU BUY!

Remember to only purchase what you need, purchase in containers that are recyclable locally, buy in bulk, and reduce the amount of waste by making sound purchasing decisions. Buying items with recycled content material is an important step to consider.

Re-use

Re-using items is the second of the three Rs (reduce, re-use and recycle), preferred over recycling because while something may no longer be of value to you, it may be to someone else. Moreover, reuse does not require collection, processing, and transportation to a remanufacturer as recycling does. Some non-profit organizations fund their endeavors by selling used items in thrift stores. Look in the telephone book Yellow Pages under "Thrift Stores" for these organizations. (Some even offer pick-up service.)

For a comprehensive "Re-use list", call 779-7624.

Home Composting

Composting is a simple process that keeps organic material out of the landfill. Composting food scraps and yard trimmings yields a valuable soil additive which can be mixed with garden soil, mulched around existing plants, or used in combination with potting soil for house plants. Compost bins are available annually through the City—call 779-7624 for information.

Odds & Ends Recycling

Appliances: Call 774-0668 for options or to request a pick-up.

Tires: Coconino County runs the Waste Tire Collection Site located at 5701 East Penstock. Call 526-2735 for more information.

Electronics/computers: Some components in most electronic products contain hazardous materials such as lead, mercury, arsenic, and cadmium. They can create environmental problems if they are thrown away with other household waste. Please call 774-0668 for disposal options.

Telephone books: Check with the recycling office at 779-7621 for telephone book drop-off locations throughout the year.

Glass

At the time of this printing, the Recycling Office is developing a monthly curbside glass recycling program, to begin in **Fall 2002!** For current glass recycling options, please call 774-0668.

All glass collected is crushed back to sand and is available to area residents.
